

My History

I'm Michael E. Wyss (Mike) I was **Adopted** as an Infant, then my parents found out I had Athetoid Cerebral Palsy (CP) when I was 6 months old. Then my parents started me on Physical Therapy, the PT continued until I was about 12 or 13 years old. At 3yrs old I was the Easterseals Poster Boy, also at 3 I started wearing braces from the waist down to inside of the heel of the shoe, at the age of 5 I went to Moody State School in Galveston Texas for a year where I learn how to dress, feed myself along with other skills. In the late 60's I started wearing mini braces from the waist to just above the knee, I also wear weights on both arms and had shoes with 3in wide soles. I was 6 when I busted my head, that's when it was suggested that I wear a helmet I also busted my head when I was 36, I'm due for a nether busted head when I turn 66. Lol

At a early age I was on valium 10mg then came off of it around 14 years old, when I was 18 a Doctor wanted to try me on Dantrium he took me to 400mg a day, then after short time on the 400mg I told him that it was to much, he brought me down to 100mg a day where I stayed on Dantrium until I was farce to get on Dantrolene (Generic).

Around age 14 I quit wearing the helmet and braces. Started riding horses at 9 until my late 30's, also I was in the Boys Scouts and in High School I was in FFA and got my driving license at 16 then decided to give up my driving license at 54. Most of my life I swim.

I moved in to my Habitat for Humanity house on December 12th 1999 to present.

I was a Member of the Mayor's Committee On Persons With Disabilities for 18 years to January 2024 and was a Member of the Human Relations Commission for 7 years to November 2023.

Went to TCJC in early 80's for about 5 years.

For the last 13yrs I've had Massage Therapy.

In 2020 started Botox, it's on going Botox injections in my left arm.

I have Attendant Care (Griselda W / Me for 12yrs she is an Angel)

The Technology in my house

MacBook Air

iLevel Wheelchair

2 Automatic door openers (Front & Back Door)

ERS System (Emergency Response System)

ECU System (Electronic Climate Unit, control the lights, doors and thermostat) with my iPhone, Bidet, and A Ceiling Hoist
